

Contingency Operations Extended Active Duty (CO-EAD) Information Sheet

PURPOSE: To assist in explaining the procedure to apply to HRC, Alexandria for a Contingency Operations Extended Active Duty (CO-EAD) position at your unit/ installation.

Q. What positions are applicable to apply for the 2500 CO-EAD positions?

The message states that soldiers will only be assigned to valid RC Billets on an authorized TDA/MOBTDA. 1000 of the 2500 positions will be used for filling validated Individual Augmentation System (WIAS).

Q. Does the soldier have to be on CO-TTAD to apply?

There was a lot of confusion over this issue but the answer is NO. Units can apply for a "volunteer" soldier to remain on Active Duty (AD) beyond the **second year mobilization** or the **CO-TTAD** to support a valid contingency position for an additional 2 years with the possibility of the 3rd year extension.

Be aware that end strength and fiscal constraints limit the number of EADS that can be supported in any FY - Other alternatives should always be exhausted before applying for CO-EAD.

ANNEX A--- MEMO OF REQUEST-----

SUBJECT of Memo:

Request for Voluntary Extension under Contingency Operations Extended Active Duty (CO-EAD).

A memorandum is prepared by the command requesting the position/soldier be approved. All endorsements need to be attached. Address the memo THRU your chain of command, then...

FOR HRC, Reserve Component Personnel Support Services Division
(Attn: AHRC-PDZ-RC/ EAD BRANCH) 200 Stovall Street, Alexandria, VA 22332

NOTE: It is **recommended** that the memo/request include the following:

Paragraph One: Clearly state what the overall mission is, expected duration and why this mission is critical to the contingency operations. (To expedite this request, please include the unit name and UIC in the request.) Also state whether this is a WIAS vacancy.

Paragraph Two: Specific information is included in this section. This must state what you are asking for (i.e. 5 soldiers in the rank of O3) and the purpose/Job title. (Address how the specific position(s) affects the contingency operations and why it is necessary.)

Paragraph Three: Anything else that you feel is important and needs to be addressed on this memo.

Last Paragraph: List the POC for this request and an alternate. Include voice, fax and **email information**. (We will confirm to the **POC** on this memo that the request has been received via EMAIL within 1 working day of receiving this request.)

Attachments: Attach anything that shows support for this request. (i.e. slides, statistics, projected UMR etc...).

Requests for Extensions of Current CO-EAD tours follow the same guidelines and should mention that this is an extension request and support why the mission is still on-going and why the third year of CO-EAD is the only way to fill these vacancies.

Contingency Operations Extended Active Duty (CO-EAD) Information Sheet

Q. Who signs the request?

The memo requesting the extension should be signed at the requesting command level, or as high as possible. Most requests we receive have a General Officer as the requestor or endorsing the request. There really is no requirement as to who can sign the request.

Q. Who should act as the POC on the memo? How will we know the status? Who should follow up with your office on the status?

Once this office receives the packet we will send a confirmation email to the POC listed on the memo. Please make sure that the POC is the Action Officer on this request. We want to coordinate with the one who will be responsible for following up. Due to the influx of calls our office receives we cannot deal with soldiers directly unless it is absolutely necessary. Ask your soldiers to refrain from calling to follow up with us. We prefer to deal only with the action officer.

ANNEX B--- JUSTIFICATION SHEET-----

Putting the justification on a separate sheet is just a suggestion. This can break down the packets to the individual soldier. One Request memo --annex a, to support several justifications. If you do not want to complete the justification sheet then include the required information in the 2nd or 3rd paragraph of the requesting memo. Please make sure that the "bolded" information below, as required by the message, is included.

(Include what applies) **(BOLDED ITEMS ARE REQUIRED)**

WIAS REQUIREMENT: YES NO (not on message but very important)

UIC: (Not providing a UIC will slow down the processing time on this request)

MACOM: (Helps us be able to sort where these soldiers are -- Reporting Purposes)

MOBTDA DOC NO: (required by message)

MOBTDA CCNUM: (required by message)

MOBTDA EDATE: (required by message)

MOBTDA BILLET PARA/LIN NO: (required by message)

Incumbent information: NAME, RANK, SSN, COMPONENT (USAR-TPU, ARNG, IRR, IMA)
(If none please state so.)

CO-EAD Requested Tour Start Date:

Use this sheet to fill out why you need this soldier. There should be an individual request for each soldier.

Recommended questions for justification: (Only a recommendation- not on message)

What the job is and how it is essential to the Contingency Operations?

What resources have been sought to fill this position to date: (Mobilized for 2 years, CO-TTAD for 179 etc.)?

Address whether the soldier will reach Sanctuary during this period of AD if this is approved?
(Gaining Sanctuary is not necessarily an eliminating factor. It is on a case by case basis in regards to the necessity of the position.)

Contingency Operations Extended Active Duty (CO-EAD) Information Sheet

Q. What is sanctuary?

Title 10 USC, 12686a. Commonly referred to as "18 year lock in", "Sanctuary" is the term that is being used to for Reserve Component (RC) soldiers who are mobilized, and have achieved 18+ years of active federal service (AFS), and are retained on active duty to complete 20 years of Active Federal Service and become eligible for regular retirement.

ANNEX C--- Letter of Release-----

As per the message, a "Letter of Release" from the TAG for ARNG soldier and TPU release for USAR TPU Soldiers is required. The intent of this was to transfer the soldier into the IRR for the duration of the tour. Depending on the soldiers status it will vary on how this is accomplished. If the soldier does not do what is listed below we will be required to contact each TAG or TPU Unit to get this accomplished. For 2500 soldiers this could be a very timely task. Please do include the release but the soldier needs to contact their unit and have the unit transfer them to the USAR Control Group (REIN). This could cause all kinds of manning issues, promotion issues and confusion if it is not done.

IRR SOLDIERS: You do not need to do anything but notify the IRR that they need to forward all records to you or your gaining active duty Command. If they mail the records enclose a copy of your orders.

IMA SOLDIERS: Contact your program manager so that they know you are on CO-EAD. IMA's assigned to a supporting AC organization that is requesting a CO-EAD tour does not have to transfer to the IRR.

USAR TPU SOLDIERS: Prepare a DA form 4651-R ensuring that in Block 5 you request assignment to the **USAR Control Group (REIN), 1 Reserve Way, St. Louis MO 63132**. This form is forwarded up your Chain of Command to the appropriate Regional Readiness Command (RRC). The RRC will publish the orders assigning the soldier to the IRR. The effective date of transfer should be the day prior to the start date on the EAD Orders.

ARNG SOLDIERS: Transfer to the **USAR Control Group (REIN), 1 Reserve Way, St. Louis MO 63132**. Soldiers must submit the request through the ARNG Chain of Command to the respective TAGs who will then publish the orders. The effective date of transfer should be the day prior to the start date on your CO-EAD Orders. All orders must be forwarded upon receipt.

Q. How do soldiers get back in the Guard or USAR-TPU program after this tour?

The REFRADING soldier will need to see any reserve recruiter before separation to be transferred to the component of their choice. This will be completed during the out-processing.

ANNEX D--- Transfer of Leave and Other Common Questions-----

EXAMPLE

AHRC-PDZ-RC

29 January 2003

MEMORANDUM FOR DEAS

SUBJECT: Verification of Leave from Mobilization CO-TTAD Status; DOE, John C., SGT, 999-99-9999.

1. Request transfer of accrued leave to DJMS-AC for the soldier listed above. The following is a break down of used and unused leave.

Total Days Accrued:	60
Total Days Used:	20
Total Days Cashed in:	0
Balance to Transfer:	40

2. I have verified that this information is correct. Soldier is not scheduled to use anymore leave between now and the start date of his CO-EAD tour.

3. Point of Contact is PSNCO (NAME, NUMBER, and EMAIL ADDRESS).

COMMANDER'S SIGNATURE

0-5 or above

Q. Can the soldier transfer leave from Mob status to the Regular Army Pay System DJMS-AC? (see example above)

Yes, this can be done but you must first get the unused leave days verified and documented by the Commander (0-5 or above). This needs to be submitted to our office a minimum of 15 days before CO-EAD tour begins.

Q. How will the soldier get accessed into DJMS-AC?

In preparation for this mission we set up a team at Ft. Belvoir and a POC at Indianapolis. When we issue the order, a copy will be sent to our POC and they will access the soldier into pay effective the start date on the orders. Once the soldier is accessed into pay they can start allotments, BAH, BAS and or change their pay election at the local finance office. If the Command runs into problems with getting things accomplished at the local finance they may submit the pay inquiry or action to us and we will forward it to our POC's.

Q. What are the pay and entitlements for soldiers under CO-EAD?

Soldiers under CO-EAD are treated the same as any Active Army soldier and will receive Basic Allowance for Housing (BAH) based on the duty station and marital/dependent status (with or without dependents rate). To check how much BAH to expect, check out the following website and enter the zip code of your duty station. <http://www.dtic.mil/perdiem/bahform.html> While under CO-EAD soldiers are authorized to move (PCS) their family. Unless the area of assignment or tour restrictions prohibit dependents to PCS soldier will not be authorized family separation pay. Generally, it is up to the soldier whether to bring their dependents with them or not. If dependents are moving with the soldier, then the soldier is entitled to add his/her name to the family housing list and reside on post. The wait list for Government Quarters varies per installation. Always check with the

installation housing office on their policies that govern renting or buying a house off post. If soldier is single without dependents, the installation/command may require that the soldiers live in the billets they provide and not draw BAH. Check with the installation about the rules on enlisted soldiers BAS entitlement. Unless soldier is further assigned by the unit or sent TDY, soldier will not receive PER DIEM as they have been doing so on Mobilization. Enlisted soldiers will receive a clothing allowance. The installation finance office can explain how much to expect and when it is to be paid. Once enlisted soldiers enter this program, they will not be allowed to DX military clothing anymore. Officers are not entitled to a yearly clothing allowance.

Q. Are soldiers authorized Permissive TDY for House Hunting?

Yes. Once soldiers starts the CO-EAD orders it is up to the Command to determine eligibility for permissive TDY (10 days max, including weekends) for purposes of "house hunting". It is important that soldiers inprocess the installation before starting Permissive TDY. Failure to inprocess completely or in a timely manner can cause a delay in pay and entitlements. (Start BAH, BAS or Separation Pay). Soldier is authorized to reside in the Guest Housing on post for up to 10 days while house hunting. If no spaces are available in Guest Housing then soldier must have a "Statement of Non-Availability" from Guest Housing, in order to be reimbursed.

Q. Is there an exception to the PCS, we are not on an Army installation?

Yes, but this does not apply to CONUS assignments, only OCONUS. In CONUS, it is the soldier's choice to PCS their family and if they choose not to then it is on them. Now for OCONUS, **if there is a tour restriction** on movement of dependents please make sure that this is stated in the request we will process the orders accordingly. With the 2 years even soldiers being assigned to Germany are not authorized to move their dependents. Family Separation pay will be started at local finance. We process orders IAW AR 614-30, Overseas Service. I have attached the Appendix B from the regulation that tells whether movement of dependents is authorized based on tour restrictions. Basically, since the extension is only for 2 years OCONUS will rarely be authorized a with dependents move in this case a w/out dependents PCS is still authorized. I have attached a copy of the AR 614-30, Appendix B to the end of this information sheet. "All others" tours are considered without dependents.

Q. What if we need to release the soldier early (Early REFRAD)?

We are treating requests for REFRADs the same as we did for early REFRAD for mobilized soldiers only instead of using the MOB cell you will coordinate this with the EAD Branch. Visit our website for the REFRAD Checklist. Once the request is approved and the unexecuted portion of the order is rescinded this is completely non-reversible.

Q. Who do I forward the soldiers OERS/NCOERS to?

Please ask the PSNCO to attach a DA form 200 to all OER/NCOERS and mail the original or "True Certified Copy" to the following address.

Human Recourses Command
ATTN: AHRC-PDZ-B
(EAD MGT BRANCH)
200 Stovall Street
Alexandria, VA 22332

We will ensure that it reaches the right place and does not get rejected or lost in the system. Annually we will send out a memo that will request that an OER/NCOER be done and ask for you to send it to us. We have no way of knowing exactly when the report is done unless you let us know.

Contingency Operations Extended Active Duty (CO-EAD) Information Sheet

NOTE: This is subject to change, but as of right now – Officers while on CO-EAD your OERS must be profiled by USAR IRR.

Q. How do we ensure that these soldiers get credit for all of these periods of Consecutive Active Duty?

When the soldier is ready to completely REFRAD they will take all of the orders that were associated with this mission with them to the mob station transition center. They will have in their possession a memo from this office explaining that "all periods of AD must be accounted for" and that the Item 26 (Separation Code) for completed tours will be "LBK". The reference for this is AR 635-5.

Q. What do we do if soldier needs to be further TCS'ed to support this mission?

Temporary Change of Station (TCS) orders will be processed at supporting installation along with adjusting the pay and entitlements for the TCS move. Supply a copy of the TCS orders to us so we can have visibility that the soldier is not where we placed them so that when it is time to go home we can make sure that the soldier returns with enough time to use the accrued leave and outprocess.

Q. What is HRC, Reserve Component Support Services Division (RCPSSD) role in the CO-EAD mission?

Our mission is to assist Reserve Component soldiers under several programs to include the CO-EAD program. But to us the most important role is attempting to make the transition from Reserve Component to Active Component to Reserve Component as smooth and efficient as possible. We will help commands through the process. We do not finish our care of the soldier until they are completely released from AD and back in RC Control. Soldiers are not authorized to go beyond the end date on their orders and must REFRAD by that date without prior approval by the proper authority. This includes using transition leave if necessary.

Some of EAD Branches Areas of Responsibilities:

- ❖ Processing EAD/Sanctuary/CO-EAD Orders and Validation for Positions.
- ❖ OER/ NCOER Processing (coordinating with HRC St. Louis)
- ❖ Promotion requests and promotion validation for all soldiers on EAD, Sanctuary and CO-EAD. Coordinating the IRR promotion board with HRC, St. Louis for enlisted soldiers. Ensure that Officers are boarded by the correct board.
- ❖ ORB Updates for EAD/Sanctuary and CO-EAD Soldiers.
- ❖ Accessing Sanctuary and CO-EAD soldiers into DJMS-AC.
- ❖ Notification memos of end of tour and outprocessing instructions.
- ❖ Validating sanctuary packets.
- ❖ Accounting for all soldiers on EAD/Sanctuary and CO-EAD to the G1/G3.
- ❖ Sending out OER/NCOER suspense.
- ❖ Acting as a RC liaison with HRC Alexandria on issues that affect the soldiers on EAD/Sanctuary and CO-EAD.
- ❖ Ensuring proper separation of soldiers when they return to RC control.
- ❖ Retaining RC Soldiers for Court-martial proceedings.
- ❖ Ensuring that soldiers are only counted against one end Strength (RA).

The command is welcome to call us if there are any further questions or concerns. We are here to help. We do ask that soldiers use the Chain of Command and do not contact us directly.
